Wheelchair Accessibility: Because of the large number of children with special needs that are being invited to this event by Ballet South, we have been given specific instructions so that we can accommodate as many needs as possible.

-Seating: There are seats available together for your child and your family if your child can transfer out of their wheelchair/stroller into a seat or lap. If your child needs to remain in their wheelchair/stroller, there are very limited seats available and we are currently on a wait list with Ballet South for that arrangement. If that is what you require, please register for the waiting list, and note that there will be only one space behind your child for one adult to sit, while the rest of the party sits in general seating. When you register, simply let us know what your preference is so we can assign you an appropriate seat.
